

Financial Hardship Policy

April 2026

you.insured

1. Introduction

- 1.1 The purpose of this Policy is to outline the principles and minimum standards that must be followed when Financial Hardship has been disclosed to us or identified by us, to ensure:
- we take reasonable steps to provide additional support to customers or individuals who are experiencing Financial Hardship, and
 - Youi meets regulatory obligations under the General Insurance Code of Practice (“the Code”).
- 1.2 We will provide Financial Hardship support to a customer or individual who owes Youi money, such as an excess, or other monies Youi is seeking to recover.
- 1.3 The support that we provide does not include support with paying the premiums under an insurance policy we have issued.

2. Definitions

- 2.1 Terms not defined below may be defined throughout this document.
- 2.2 **“ACCC and ASIC Debt Collection Guide”** means the *Debt collection guideline: for collectors and creditors* published by the Australian Competition and Consumer Commission and the Australian Securities and Investments Commission.
- 2.3 **“Code”** means the General Insurance Code of Practice 2020, as amended or replaced from time to time.
- 2.4 **“Collection Agent”** means a person, company or entity who is not a Youi Employee that we contract to recover money owing to us.
- 2.5 **“Financial Hardship”** means when a customer or individual has difficulty meeting their financial obligations to Youi.
- 2.6 **“Insured”** means a person, company or entity holding, or seeking to hold, a general insurance product covered by the Code. It excludes a Third Party Beneficiary.
- 2.7 **“Third Party Beneficiary”** means a person, company or entity who is not an Insured but who is seeking to be, is specified to be, or is referred to as, a person to whom the benefit of the insurance cover extends. The relevant product must be covered by this Code. The person, company or entity may be specified by, or referred to by, name or otherwise.

3. How we provide support

3.1 Identification of Financial Hardship

3.1.1 Financial hardship is considered when a customer or third party is unable to, because of various reasons, meet or maintain their financial obligations.

Reasons could include but not limited to:

- loss of employment or a sudden significant change in income or expenses
- a sudden or serious illness
- ongoing physical health conditions
- events like divorce or the death of a family member
- experiencing family or domestic violence
- natural disasters (e.g. flood or fire) and similar catastrophic events.

3.1.2 A customer or third party (or their representative) may notify Youi at any time that they are experiencing Financial Hardship. They can do this by emailing priorityassist@youi.com or calling 1300 253 941 and speaking to a Youi representative.

3.1.3 Financial Hardship may be temporary or ongoing. Youi maintains specialist staff trained to recognise Financial Hardship and advise on support options.

3.1.4 When a customer discloses Financial Hardship (or we identify it), we must promptly send them a Financial Hardship application form and provide contact details for the National Debt Helpline for free financial counselling.

3.2 Disclosures of Financial Hardship

3.2.1 We will handle all disclosures of Financial Hardship with sensitivity, empathy and respect.

3.2.2 We acknowledge each person's situation is unique, and work with them to evaluate their circumstances and discuss the support options available.

3.2.3 All Youi Staff, collection agencies, and service providers involved in debt recovery must be equipped to recognise and properly handle a Financial Hardship disclosure (using procedures to escalate support).

3.2.4 If a customer or third party (or their representative) discloses, or it is identified, that they are in Financial Hardship and requests additional information or services, employees are to provide information about external support agencies.

3.3 Our commitment to support individuals experiencing Financial Hardship

- 3.3.1** All customers or third parties who are experiencing Financial Hardship must be treated fairly and respectfully by employees.
- 3.3.2** Customers or third parties (or their representatives) who have disclosed they are experiencing Financial Hardship will be referred to a Specialist Team for further support.
- 3.3.3** The support available will depend on the customer or third party's personal circumstances and financial situation, this may include accepting a reasonable request to pay the amount owed in instalments.
- 3.3.4** Where possible, Youi will ensure we use the customer or third party's preferred method of communication when communicating about their Financial Hardship application or decision.
- 3.3.5** Additional steps we may take to support customers or third parties who are facing Financial Hardship include:
- If the customer has told us about an urgent financial need Youi will assess the customer's position to review for the need to fast track the claim. This may include a fast-track of the assessment of the claim, decision making process regarding the claim or an advance payment.
 - Amend the payment amount to ease the urgent financial need.
 - Where a customer or third party has nominated a representative, Youi will keep the nominated representative updated about the customer or third party's application for Financial Hardship support unless the customer or third party has told Youi not to.
 - Where suitable, provide information to customers or third parties on external support agencies or an appropriate community support service to make it easier for them to communicate with us.

3.4 Standards and Procedures for Collecting Money

- 3.4.1** Youi, and any Collection Agent or solicitor collecting money, must comply with the ACCC and ASIC Debt Collection Guide.
- 3.4.2** Any recovery action will be put on hold if we identify Financial Hardship or if the customer or third party asks Youi for Financial Hardship support. Recovery action will remain on hold until Youi has assessed and notified the customer or third party of the decision. Any collection agencies or solicitors that we have appointed in respect of the recovery action will be notified of this process.
- 3.4.3** Any Collection agent or solicitor acting on Youi's behalf must communicate that they are acting on behalf of Youi and specify the nature of Youi's claim against the customer or third party. If the customer or third party tells our Collection Agent or solicitor that they are experiencing Financial Hardship, then our Collection Agent or solicitor must notify us and give the customer or third party information in writing about our Financial Hardship process.
- 3.4.4** Youi must ensure that the first communication with a customer or third contains information about our Financial Hardship Process including the number to contact.

3.4 Standards and Procedures for Collecting Money (cont.)

- 3.4.5** Youi must ensure that communication with a customer or third party about money owed will include information to show the amount we are seeking is fair and reasonable.
- 3.4.6** If Youi decides that a customer or third party is not entitled to Financial Hardship support, Youi must tell the customer or third party the reason for the decision and about Youi's complaints process, where possible, using the customer or third party's preferred method of communication. A customer or third party may re-apply for Financial Hardship support if their circumstances change.
- 3.4.7** Where a customer or third party tells us that they intend to declare bankruptcy, then Youi will work with the customer or third party (or their representative) to agree on the amount owed. We will also give the customer or third party written confirmation of that amount for the purposes of their declaration of bankruptcy.
- 3.4.8** If Youi decides that the customer or third party is entitled to Financial Hardship support, then we will work with the customer or third party to implement an arrangement that could include any one or more of the following:
- delaying the date on which the payment must be made;
 - paying us in instalments — we will not refuse a reasonable request from the customer or third party to pay the amount they owe in instalments;
 - paying a reduced lump sum amount;
 - delaying one or more instalment payments for an agreed period;
 - deducting the excess from the claim amount we pay them, in the event of a cash settlement.

The above are examples only and we will explore alternative options suited to each customer or third party's specific needs.

- 3.4.9** We will confirm the agreed arrangement with the customer or third party, where possible, using the customer or third party's preferred method of communication.
- 3.4.10** If Youi and the customer or third party agree that the customer or third party is entitled to Financial Hardship support but are unable to agree about how they can be supported, then we will tell the customer or third party in writing about our Complaints process.
- 3.4.11** If Youi decides the customer or third party is entitled to Financial Hardship support, then they may ask us to release, discharge, or waive the debt or obligation. However, they are not automatically entitled to this. If Youi agrees to release, discharge or waive a debt or obligation, then we will confirm this with the customer or third party in writing.
- 3.4.12** If the customer asks us to notify any financial institution with an interest in their insurance policy that they are entitled to Financial Hardship support and, if applicable, that we have released, discharged or waived a debt or obligation, then we will tell the financial institution with an interest in their insurance policy about this in writing.

3.5 Training and awareness

- 3.5.1 We will ensure that all employees have access to and are made aware of this policy, related policies, and where to find them in their induction process.
- 3.5.2 All employees are required to complete mandatory awareness training about understanding Financial Hardship and knowing the appropriate support measures including referrals that Youi has in place.
- 3.5.3 Every external debt collector or solicitor acting for Youi must be trained on the Code's Financial Hardship requirements and how to identify customers who may need hardship support.
- 3.5.4 Every service provider or debt collector acting for Youi must know whom to notify at Youi if a customer or third party says they're in Financial Hardship.

4. Related Legislation and Documents

- 4.1.1 This Policy aims to align with the following legislation / regulations / standards:
 - General Insurance Code of Practice 2020

Effective Date: 28th April 2026

Version: 4.0
